About Our Public Library Patron Tool

PolicyMap for Public Library Patrons brings robust data and intuitive mapping tools to libraries across the United States. With access to thousands of datasets spanning demographics, housing, education, health, economy, and more, library patrons can explore, analyze, and visualize geographic data—all with just a library card.

Who Can Benefit from PolicyMap in Public Libraries?

- Entrepreneurs: Conduct market research
- Small Nonprofits: Strengthen grant proposals
- Students & Researchers: Use reliable datasets for projects
- Community Advocates: Map resources and challenges
- Job Seekers: Explore workforce trends
- Home Buyers: Analyze neighborhoods and affordability

Accessible Anywhere, Anytime

- Create Stunning Maps
- Access Thousands of Datasets
- Generate Community Reports
- **Onsite and Remote Access**
